

Door Signs

You will need...

- 1 sheet of thick paper or thin card
- roll of sellotape
- scissors
- pencil
- bottle cap
- colouring pencils, felt tips or paint
- ruler
- rubber

What to do...

one:

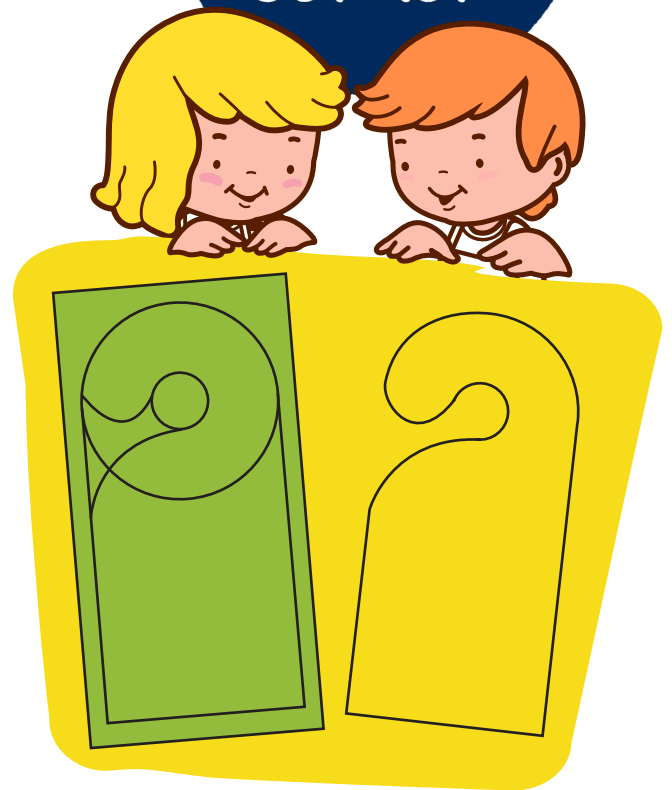

First of all, take your piece of paper or card, and place your roll of sellotape near the top. Then, using your pencil, carefully draw around the circle.

two:

With your ruler, draw two lines from the edges of the circle down to the bottom of the paper, so you are left with a rectangle shape with one rounded end.

three:

Place your bottle top in the middle of the circle you drew around the sellotape, and draw around it to make a smaller circle. This will help you to make your hook shape.

four:

From the edges of the smaller circle, draw two curved lines to make your hook shape. Then, cut out your door sign and rub out the pencil marks. *Ask an adult to help you with the cutting part if you need to.

five:

Colour in or paint your door sign using your crayons, felt tips or paint. You can use both sides of the sign to make two if you want.

six:

When your door sign is finished, and has had time to dry out, hang it from your door handle.

all done!
